## From the desk of the Garrison Commander

Happy New Year to all! While the holiday season was a wonderful time for sharing with friends and family, the hope of the New Year is for renewal and rededication to values that are important to us. It is never too late to put together resolutions for positive change. I would like to share with you my seven resolutions for 1999. They are:

**Col. Peter Dausen, U.S. Army,  
Garrison Commander**

— Do your homework. Read and study the issues first; before any discussion and dialogue.

— Listen more; talk less; judge less; listen more intently.

— Refrain from jumping to conclusions and carefully consider all points of view before deciding on a course of action.

— While running, biking, walking or driving, try out a new route every other day or so; it does wonders for seeing things from a new and different perspective.

— Each day spend some time just thinking. Put it on your calendar. Block off time for some activities that you like. Make an effort to fit them in; truly enjoy your life.

— Cherish your family and the time you have together; they are a blessing from God.

— Get your proper exercise and rest; eat right, be healthy. The Lord rested on the 7<sup>th</sup> day and you need rest too!

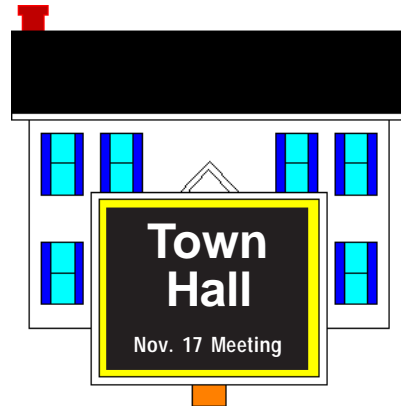

And in the words of a wise Celtic sage, I wish for you, that the very best of your 1998 will be the worst of 1999!

Thanks for listening!

*In preparation for the next quarterly Town Hall meeting which will be held Jan. 26, let's reflect on the issues and concerns raised during the last meeting held Nov. 17:*

## ***What happened...***

**...at the  
Nov. 17  
quarterly  
Town Hall meeting:**

### **ISSUE: Why can't we get 92 percent ground beef in one pound packages?**

**Response:** The Commissary's Meat Department continues to provide excellent service to the Presidio of Monterey patrons by making sure all cuts of meat are available from opening until closing daily. Being temporarily out of certain supplies may make it almost impossible to improvise for the product being processed or packaged, but customer service will remain number one. I have spoken to the Meat Department personnel and this issue will be handled appropriately. At any time a product needs special attention please notify one of the managers before leaving the store and we'll do everything we can to expedite customer needs.

Another thought to consider is that usually 1 1/4 pounds of ground beef, when cooked, yields about one pound, usually what a recipe requires. Any questions regarding this, should be addressed to the Commissary officer at 242-7668, extension 3002. - *Defense Commissary Agency at Presidio of Monterey Annex*

### **ISSUE: I wish the Commissary paid baggers so it wouldn't be necessary to tip / or feel bad about not having cash?**

**Response:** First, let me say, that while "baggers work for tips only," at no time are they allowed to ask for tips. This leaves it entirely up to the patron if they want to or can afford to pay a tip. These individuals are independent contractors (self-employed), authorized by the Garrison Commander to work as a bagger at the Commissary. If employed by the Commissary they would be entitled to all the normal benefits, which would increase tremendously the payroll at the store. Furthermore,

if at any time a customer feels they have been harassed by a bagger, i.e., asking or making a gesture for tips, please notify management immediately. Any questions regarding this, should be addressed to the Commissary officer at 242-7668, extension 3002. - *Commissary*

### **ISSUE: Why is the Self-Help Store not open during posted hours or closes early when it's supposed to be open?**

**Response:** Circumstances, such as: The Lawn Care Center currently consists of a staff of three employees. This work force frequently fluctuates depending on employee attendance and mission requirements. Scheduled annual leave and sick leave usage also dictates how much of the remaining work force will be available to maintain the mission. The center will have a least one person available to service customers, but this proposes a problem if the employee must close up and attend mandatory briefings or training. Scheduled annual leave and sick leave usage also dictates how much of the remaining work force will be available to maintain the mission. The center is open to the public Wednesday through Saturday during the week. Tuesdays are closed to the public, but employees are present to perform routine equipment maintenance, cleanup of shop areas, prepare reports, and ordering self-help shop stocks. The center is open during lunch hours to accommodate individuals using our services at that time, but the center closes from 1 to 2 p.m. for employees to go to lunch.

The Lawn Care personnel have been made aware of this issue. We will continue to be readily available to service customers during posted hours and attempt to work out some

arrangements to the mandatory briefings and training, leaves, etc. We will also continue to provide as much advance notification as possible to any adjusted hours and closures. If for any reason deviations were done contrary to established hours, corrective actions taken will help to better serve our customers. - *Chief, Supply Division , Directorate of Logistics*

**ISSUE: Is the movie theater here on the Annex going to open again? If not, why not?**

Response: The Barker Theater is now permanently closed. It was previously closed as part of the drawdown of Fort Ord, but was reopened on a trial basis at the request of the command early in 1996. Every effort has been made since then to maintain continued operation of the Barker Theater. However, a continuing decline in attendance combined with increasing operating costs have made it no longer financially viable to continue operating two AAFES theaters.

Customers are encouraged to attend the POM Theater with its new Dolby sound system. In February 1999, the number of showings each week will increase from three to five with the addition of a second showing on Fridays and Saturdays. The upcoming theater schedule is out and include the expanded schedule. - *AAFES*

**ISSUE: Several months ago, AAFES promised to man all registers during lunch hours. However, this does not always happen. There is always the same crowd around 5 p.m. Most of the time, there are only one or two registers manned. This causes long lines of 10-20 soldiers most nights. This is not effective customer service and needs to be fixed.**

Response: This issue has been reviewed with the management team at the DLI Troop Store (POM PX) and we all agree we need to do better in 1999. We've made a renewed commitment and New Year's Resolution to ensure sufficient check out stations are open during peak hours to meet the needs of our shoppers. This will be monitored closely as we work to provide our DLI customers the best service possible. - *General Manager, AAFES POM Exchange*

**ISSUE: Animal Control**

Response: Regarding animal control issues, contact the POM Police Department at 242-7851 and report the situation. The animal control office from POM PD will then take appropriate action. - *POM Police Department*

**ISSUE: Handicapped Accessible Curbs**

Response: There are currently no plans in place to undertake this work. Due to high cost work, this ADA requirement is undertaken at time of major street repairs or realignment. However, DPW will make every effort, on a case by case basis, to accommodate new residents which may require this service. The Family Housing Office is the lead agency on these issues and will undertake required neighborhood survey once requirement is made known. - *Director, Department of Public Works*

**ISSUE: Parking lot at the NCO apartments**

Response: The legal completion date is Jan. 22 to complete a new parking area which will yield an additional 11 parking spaces. - *Director, Department of Public Works*

**ISSUE: Marshall Park exterior painting**

Response: Ongoing Lead Based Paint Abatement Contract is working PHASE V of Stilwell Park with three more phases to go, providing funds are available. - *Director, Department of Public Works*

**ISSUE: No parking red zone areas**

Response: Red painted curbs which are maintenance intensive will be replaced with "No Parking" signs as required. The Department of Public Works is working on surveys and scope of work. Once completed placement of signs will be negotiated with City of Seaside. - *Department of Public Works*

**ISSUE: What's being done about the on post speeding and disregard of signs and crosswalks?**

Response: All patrols have been instructed to vigorously enforce traffic laws. Traffic violators will be cited into Magistrate Court. Also crosswalk signs will be posted where needed. - *POM Police Department*

# ***Recycling...***

It's hoped to be implemented soon.

### **How To Live With Different Temperaments and Personalities Feb. 4**

**POM ANNEX -** Do you wish your spouse was more romantic? Do you wonder why your mate is always late? Have you ever noticed that some couples love parties, while others love quiet evenings at home by themselves?

Do you wonder why some spouses like to plan ahead, while others enjoy being spontaneous?

To get the answers to these questions and many others about personality and gender differences plan to attend the Army Community Service-sponsored workshop from 6 to 8 p.m.,

Thursday, Feb. 4, at the General Stilwell Community Center, Building 4260, POM Annex. Decades of research reveals that people are frequently attracted to, and marry someone opposite in temperament and personality. Then we try to change them to be more like us.

Finding out how and why we differ from our mates is a fun experience and our workshop leader, Ripple Huth will explain how this information can be used to help us appreciate and enjoy our differences. We encourage couples to attend together, but everyone is welcome. Child care is provided. Please call ACS (Ms. Moore) at 242-7660 for further information.

**MEMORANDUM FOR SEE DISTRIBUTION**

**SUBJECT: 1998 Tax Assistance Program**

1. The 1999 tax season is rapidly approaching. To assist our service members, the Legal Assistance Branch of the Office of the Staff Judge Advocate will conduct a Tax Assistance Program (TAP) for active duty service members and their families. The TAP will again include electronic filing of federal returns.
2. In order that service members may be assisted at their units, each company size unit or detachment will designate one or more persons to act as Unit Tax Advisors (UTAs) during the 1999 tax season. Names of those nominated will be submitted in writing to the Office of the Staff Judge Advocate, Legal Assistance Office (LAO), ATTN: Mr. Riddle (fax 242-5085). Early appointments will enable UTAs to receive training on tax preparation software which will be provided by the LAO.
3. Beginning in late January 1999, the LAO, in coordination with the Internal Revenue Service (IRS) and the California Franchise Tax Board (FTB), will conduct a 56-hour Volunteer Income Tax Assistance (VITA) course of instruction for UTAs. It is scheduled for Jan. 19-22 and Jan. 25-27, 1999, 8 a.m. to 4 p.m. each day. Attendance by UTAs at all seven scheduled days of instruction is mandatory. All classes will be held at the Weckerling Center, Building 326, Dining Room, Presidio of Monterey.
4. The VITA course will provide UTAs with the knowledge and practical experience needed to prepare most service members' federal and state tax returns. UTAs who attend and pass the course will be responsible during the tax season for assisting members of their respective units in completing their tax returns.
5. UTAs will be E-6 or above, unless a junior service member already possesses special expertise in tax preparation. UTAs must be available at their unit through the entire tax season which will end 15 April 1999. Guidance from HQDA emphasizes the role of UTAs in a successful TAP. Commanders at every level must ensure that UTAs are given the time and support necessary to perform this important task. Select good people, let them know you want a good program, then help them to help our service members. Ensuring that every service member's taxes are filed accurately and on time improves the morale and readiness of a unit.
6. Service members will be first directed to contact their UTA for tax assistance. When the problem is too complex for the UTA, the UTA will consult with the LAO for assistance. Federal and state forms will be provided to UTAs based on their unit members' needs.
7. Call the Legal Assistance Office at 242-5083/5084 for more information.

## Become a Tax Volunteer

**Do you enjoy helping others? Do you have experience in preparing tax returns or an interest in obtaining such experience?** If your answer to these two questions is "no", then you need not read any further. If, however, your answer is "yes", then the Red Cross and Legal Assistance Office have a Job for you -- not one that pays you in dollars and cents but one that pays you in knowledge and satisfaction.

In coordination with the Legal Assistance Office, the American Red Cross is sponsoring a program wherein interested persons can become trained in preparing simple tax returns. They are then given an opportunity, as a Volunteer Income Tax Assistance volunteer, to put their acquired skills into practice helping service members and their spouses with their tax returns.

As a VITA volunteer, you will receive practical experience helping members of the military community with the preparation of their state and federal tax returns by (a) answering their tax-related questions, (b) teaching them the skills necessary to prepare their returns, and (c) preparing returns for those incapable of preparing their own. If interested, you may also be given the opportunity to work with a computer, assisting the Legal Assistance Office in electronically transmitting qualified tax returns to the IRS.

As you do so, you will receive Red Cross volunteer credit for the hours of service you give. As mentioned, you will receive the tax training needed to carry out these invaluable services. No charge is assessed for this training, which consists of a eight days of eight-hour-a-day instruction held at Weckerling Center during Jan. 19-22 and Jan. 25-27. You will be furnished with tax publications and training manuals and will be instructed by qualified instructors from the IRS and the California Franchise Tax Board on tax laws and procedure including recent changes. This training will aid you in the preparation of your own return as well as those of the taxpayers you will be serving.

VITA volunteers will be working at the Installation Tax Center located at Building 275, the unit for which the returns are being prepared, or possibly at home. Work is available throughout the tax season, commencing Feb. 1. Volunteers at the Center, work under the supervision of a Legal Assistance Attorney and the Installation Tax Coordinator. Each volunteer is expected to give between two and ten hours of service per week during the tax season.

If you are interested in this opportunity to learn basic tax preparation law and procedure, to find out what is new in the tax law, and to serve your fellow members of the military community, contact the Legal Assistance Office at 242-5083 and ask for the Installation Tax Coordinator. Your help is needed.

## Caring for Children in Need— E Company FUN Holds Toy Drive (Nov. 1-19, 1998)

by Captain Gina Anderson

The University of California San Francisco Child Life Services Center gives special care to chronically and terminally ill children. The center needed toys, games, and books for the children's long hospital stay. The E Company Family Unit Network (FUN) learned of the need through a POM family whose child was treated there. During the toy drive, held Nov. 1 through Nov. 19, 1998, a mountain of books, dolls, games, CDs, and toys, many of them new, appeared in the E Company orderly room through the generous gifts of the soldiers and families of the 229th Military Intelligence Battalion. In the thank you note from the Center, Suzanne Berkes said, "Our playroom cabinets and shelves are fully stocked with the wonderful books, games, puzzles, and toys....To the women and men who took time out of their busy schedule we SALUTE YOU for your heartfelt generosity....Thank you seems like such small words, but from all of us at Lucille Packard Children's Health Services at USCF, Thank You To One and All..." All who participated can be proud of their efforts and know that they have brightened the lives of sick children.

## No 'early outs' for FY 99

by Gerry J. Gilmore

**WASHINGTON (Army News Service, Dec. 15, 1998)** - The Army will not offer "early-out" programs in Fiscal 1999, except to some lieutenants and officers in the Army Medical Department.

Army personnel officials said no Temporary Early Retirement Authority (15-year retirements), Voluntary Separation Incentive, or Special Separation Benefit programs will be offered to enlisted soldiers or Army Competitive Category officers above the rank of lieutenant.

"With end strength manning achievement as our top readiness priority, the use of Programmed Managed Losses is not required in FY 1999," said Maj. Marlon K. Beck, personnel officer, Directorate of Military Personnel Management, Office of the Deputy Chief of Staff for Personnel.

"In the past, the officer and enlisted drawdown effort, despite challenges to achieve Congress-mandated end strength, was very successful because we worked hard to demonstrate care and concern for soldiers and their families throughout the reshaping of the force," Beck said.

According to Beck, the Army reduced its active officer corps by more than 25,000 from 1989 to 1998, and cut its active enlisted force by 82,644 from 1992 to 1998. Most soldiers that opted to leave the Army early in years past, Beck said, were volunteers who had between eight and 20 years-of-service. Personnel who retired early received scaled-back retirement pay. Soldiers who left early under VSI or SSB received annuities or lump-sum payments, respectively.

"We used the full spectrum of drawdown tools provided by law, however, whenever possible, we took advantage of those programs that encouraged voluntary separation of officers from the force," Beck said. "Voluntary separation was encouraged by offering monetary incentives such as separation bonuses and early retirement."

The Fiscal Year 1999 early-out officer program for the Army Medical Department is still in effect. Early outs are also available to lieutenants that meet eligibility requirements to separate under the Army National Guard Combat Reform Initiative. These lieutenants must serve their remaining service obligation in the Army National Guard.

## Results of Combined Federal Campaign brings unexpected \$81,000+

**For every \$1 anticipated,  
a \$2 bill was donated;**

**nearly doubles the local command's CFC goal**

**DLI/POM** - Instead of its original goal of \$45,000, DLI and POM's monetary donations totaled about \$81,000 during the 1998 Combined Federal Campaign. That's a little more than one fourth of the overall grand total CFC collections for Monterey and Santa Cruz counties, which includes all federal employees in Monterey and Santa Cruz Counties - over 56 agencies. The 1998 campaign grand total of all federal agencies within the counties of Monterey and Santa Cruz reached \$365,795, as of Jan. 12, 1999). Last year's 1997 campaign was \$236,488. That's an INCREASE of \$129,306.

Each year since the 1995 CFC, final campaign totals indicate a significant increase from each previous year. The DLI and POM goal was in excess to its previous year's CFC goal. But this is a first. And to extend appreciation, there will be a sign posted on the two goal boards thanking everyone at DLI for the most successful campaign. This could not have been possible without the DLI Adjutant General Office. Their supportive and positive assistance was extremely valuable. They deserve much credit for their work in this campaign. Some of the CFC money comes back into the DLI and POM programs for agencies such Youth Services' Sports Program, Army Community Service Emergency Food Locker, and the Better Opportunity for Single Soldier (single servicemembers). The first of the transactional checks will be signed soon.

"Thank all of you for your support," said Todd Lane, Chair, 1998 Combined Federal Campaign, Monterey and Santa Cruz Counties, in his recent initial correspondence to key officers and leaders of the command.

nic/national origin, sex, age, religion, or disability. "The Child and Adult Care Food Program is available to all eligible participants. If you believe you have been discriminated against because of race, color, ethnic/national origin, sex, age, religion, or disability, write immediately to the Secretary of Agriculture, Washington, D.C. 20250." Income Eligibility Guidelines are available for review at the Child Development Centers, Youth Services SAS Office, CDS Central Registration Office and Child and Adult Care Food Program Office.

## Be careful before sitting down at movie theaters !

*Anything could be stuck to the chair,  
from gum to HIV needles*

An incident occurred when a friend's co-worker went to sit in a chair and something was poking her. She then got up and found that it was a needle with a little note at the end.

It said, "Welcome to the world, you're, "HIV POSITIVE." Doctors tested the needle and it was HIV POSITIVE.

"BE CAUTIOUS WHEN GOING TO THE MOVIES!!!!!!"  
IF YOU MUST GO TO THE MOVIES, PLEASE, PLEASE CHECK!!!!!! One of the safest ways is NOT sticking your hands between the seats, but at least, move the seat part way up and down a few times and REALLY LOOK!!!!!!

Most of us just plop down into the seats..... The following information was E-Mailed to all employees of the Metro Police Department..

Drug users are now taking their used needles and putting them into the coin return slots in public telephones. People are putting their fingers in to recover coins or just to check if anyone left change. They are getting stuck by these needles and infected with hepatitis, HIV and other diseases. This message is posted to make everyone aware of this danger. Be aware! The change isn't worth it! This information came straight from phone company workers, through the EMT instructor. Make sure you share this information with your family and any one else you can!

# “TRICARE Prime” enrollees get higher priority

**If you’re enrolled in TRICARE Prime, you’re higher on the priority list to be treated in a uniformed services hospital than someone who isn’t enrolled in Prime.**

The policy established by the assistant secretary of defense for health affairs in August 1996 created the following priorities for health care in uniformed services medical treatment facilities:

**Priority 1:** Active-duty service members;

**Priority 2:** Active-duty family members who are enrolled in TRICARE Prime;

**Priority 3:** Retirees, their family members and survivors who are enrolled in TRICARE Prime;

**Priority 4:** Active-duty family members who are NOT enrolled in TRICARE Prime (for the purpose of determining access priority, survivors of military sponsors who died on active duty, who are NOT enrolled in TRICARE Prime, are in this priority group);

**Priority 5:** All other eligible persons (including retirees, their family members and survivors who are NOT enrolled in TRICARE Prime).

## **There are certain special provisions in the policy as follows:**

- Military members who are not on active duty, but who are entitled to care in a service hospital, are in Priority Group 1. This includes members of Reserve Components entitled to medical care relating to conditions incurred in the line of duty, and members on the Temporary Disability Retired List for required periodic medical examinations.

- NATO and other foreign military members who are entitled to care in a military medical treatment facility, pursuant to an applicable international agreement are in Priority Group 2, for the scope of the services specified in the agreement.

NATO and other foreign military members’ family members who are entitled to care pursuant to an applicable international agreement are in Priority Group 2, for the scope of services specified in the agreement.

- Survivors of sponsors who die on active duty, as provided in the law - 10 U.S. Code 1076(a) - are, for purposes of access to military hospitals, considered to be together with active-duty family members. They would, therefore, be in Priority Group 2 or 4, depending on whether or not they were enrolled in TRICARE Prime.

- Persons other than those in any of the beneficiary groups identified in Priority Groups 1 through 5 don’t have priority access.

- Priority access rules are not applicable to bona fide medical emergencies, or cases in which the providing of certain medical care is required by law, or applicable Department of Defense Directive or Instruction. This includes care for civilian employees who are exposed to health hazards in the workplace or are injured on the job.

- In certain situations, military hospital commanders may grant exceptions to the priority access rules. For example:

- A higher priority may be given to an active-duty family member who’s in Priority Group 4 because TRICARE Prime isn’t available where the sponsor is assigned, when the family member is temporarily in a location where TRICARE Prime is available, and needs medical care.

- A particular patient might be given a higher priority if necessary, for the military hospital to maintain an adequate mix of cases for its graduate medical education programs, or to help maintain the readiness-related medical skills of its medical staff.

## Toy Drive Ongoing

### In Support of Local Shelter Outreach Plus

POM - National Guard unit, Company B, 223 Military Intelligence Battalion, is presently conducting a toy drive for Shelter Outreach Plus. The toy drive will continue until March 6.

Any assistance will help provide a continuum of care to the homeless and victims of violence in Monterey County through Outreach, Emergency Shelter, Transitional Housing, and Supportive Services.

If you have any toys, or know someone who does, that they could donate, it would be greatly appreciated. Just bring the toy by my office, room 15, and drop in the box.

For more information, call SFC Loucks at 242-5592, located in Building 618 (Munzer Hall), Room 15.

## Post Veterinarian Encourages Avid Microchip

**A simple injection means a lifetime of protection for your animal.**

Statistics show one out of three family pets will be lost. Unfortunately, only 10 percent of lost pets are identified. With the Microchip program, a scanner is used to retrieve your pet's I.D. number immediately. The I.D. number is entered into a computer where an extensive database matches the I.D. number with pertinent information about you, the owner. What this means is a quicker reunion with your lost pet and reduced chances he will be taken to the pound or animal shelter. Veterinarians agree that the Avid Microchip is the identification method of choice. A simple and safe injection gives your pet permanent identification.

**For details, ask your veterinarian (242-7718),  
or call 1-800-336-AVID**

## Remembering Dr. Martin Luther King, Jr. (1929-1968)

**"Injustice anywhere is a threat to justice everywhere."**

(Letter from Birmingham Jail, Alabama, 16 Apr. 1963, in *Atlantic Monthly*, Aug. 1963, p. 78.)

**"I want to be the white man's brother, not his brother-in-law."**

(In *New York Journal-American*, 19 Sept. 1962, p.1)

**"Now, I say to you today my friends, even though we face the difficulties of today and tomorrow, I still have a dream. It is a dream deeply rooted in the American dream. I have a dream that one day this nation will rise up and live out the true meaning of its creed: - 'We hold these truths to be self-evident, that all men are created equal.' I have a dream that one day on the red hills of Georgia the sons of former slaves and the sons of former slave owners will be able to sit down together at the table of brotherhood. I have a dream that one day even the state of Mississippi, a state sweltering with the people's injustice, sweltering with the heat of oppression, will be transformed into an oasis of freedom and justice. I have a dream that my four little children will one day live in a nation where they will not be judged by the color of their skin but by the content of their character."**

Among them are the University of California, University of Southern California, Stanford University, and Pepperdine University.
